PRESIDENTIAL INVITATION

Welcome to Santiago, Chile and the 23rd Congress of the International Society for Burn Injuries (ISBI)!

It is our sincere honor and pleasure to extend an invitation and welcome you to attend and exhibit/sponsor at this international event.

The 2026 ISBI Congress is organized in a manner to continue to promote the concept of “one world, one standard of burn care” and ISBI’s mission to reduce the global burden of burns and improve burn care.

We are excited to bring you a high level educational and scientific program, suitable for all members of the burn care team, that contains several plenaries, podium and poster sessions, and hands-on workshops on topics of interest for every delegate.

This international congress promises to be a memorable experience attracting brilliant clinicians, scientists and industry partners from all over the world who gather to exchange knowledge and showcase the latest advancements in burn care.

As always, the congress is a perfect time for us to renew old friendships and make new ones as we move forward to improve burn care on a worldwide platform.
